MOHAMMED IMRAN
Lead iOS Developer

imran3377@gmail.com | +971 503628439 | Dubai, UAE

PROFILE SUMMARY:

Hi, I'm Imran with 11 years of proven expertise in mobile app development, team/project management, and a skill set in a variety of technologies, including Swift 5, SwiftUI, RxSwift, Flutter, Python, and PHP. Proficient in database management with SQLite, MySQL and Firestore, along with basic Linux server administration skills. Expert in CI/CD pipelines, Fastlane, Version Control (Git), XCTest, and I have the ability to handle multiple projects simultaneously with a high degree of accuracy.

EDUCATION:

B.Tech, IT (First Class), KORM College of Engineering, Kadapa.   2007 — 2011

WORK EXPERIENCE:

Lead iOS Developer | Trolley - Kuwait.   Jan 2022 — Dec 2023

- Led and contributed to the development of an E-commerce and a Charity app employing Swift, MVVM, and Clean architecture.
- Developed 2 Python applications and oversaw their deployment within the organization.

  Key Accomplishments:
- Integrated Apple Pay using Apple's PassKit SDK.
- Crafted animations from scratch using Core Animations.
- Developed and integrated QR/Barcode scanner in Search which resulted in 30% more interaction by users.
- Integrated Algolia Search Engine which hiked basket value by 5%.
- Embedded Virtual-Store using Matterport.
- Developed complex UI using code for better performance.

Senior iOS Developer / Tech Team Leader | BeInMedia - Kuwait   Nov 2014 — Dec 2021

- Successfully conceived, developed, and launched six iOS applications to the Apple App Store showcasing a commitment to quality and innovation.
- Managed a team of 10 developers, providing guidance and direction to ensure efficient project execution.

  Key Accomplishments:
- Created multiple Storyboards to support iOS and iPad OS screen sizes using UIKit, Auto Layout & Constraint layouts.
- Developed iOS Widgets using SwiftUI.

- Successfully Implemented AES256CBC encryption to encrypt/decrypt data which resulted in 100% protection from hackers.
- Integrated Apple's SiriKit and built an interactive menu ordering feature with Siri.
- Integrated CallKit SDK to develop audio/video calls natively in the app utilizing VoIP Notifications, APNs, and Agora SDK.
- Built a custom video player utilizing AVKit to play intro videos which increased the interaction of users by 35%.
- Forked public repositories and modified the code to meet the project requirements which enhanced the performance of the app at least by 3%.

Technical Associate | Synnacle Technologies - India   Mar 2012 — Jul 2014
- Contributed to the development of an iOS app using Objective-C and released to Apple App Store.
- Contributed in bug fixing and maintaining of two iOS projects along with a team of three developers.

Freelancer | Remotely   Since Jan 2015
- Engaged in freelance work since January 2015, dedicating personal time to continuous skill development and accumulating valuable experience.
- Specialized in the realm of iOS app development, demonstrating proficiency in conceiving, developing, and deploying over 10 successful applications.

KEY SKILLS:

- Xcode
- Swift 5.0
- SwiftUI
- RxSwift
- Storyboards
- UIKit
- VoIP Notifications
- APNs
- Apple Pay

- Local Storage
- Core Data
- Caching
- Git - Version Control
- CocoaPods
- SPM
- Fastlane
- XCTest
- MVVM

- MVC
- RESTful
- JSON
- Python
- Jira - Project
- Agile & Scrum
- MySQL
- Linux Server

PROJECT INSIGHTS:

My portfolio at https://imran.mozootech.com provides detailed information on my diverse projects, demonstrating innovative solutions, effective collaboration, and continuous learning.

LANGUAGES:

- English - C2,
- Arabic - A1,
